An Ant and a Dove

Understanding

Look at the given pictures and guess what the story is about.

On a hot summer day, a thirsty ant was looking for water to drink. She searched for water and finally reached a river. She climbed up on a stone to drink the water. She slipped and fell into the river.

A dove was sitting in a tree nearby. She saw the ant falling into the river. The dove quickly plucked a leaf and dropped it near the ant.

The ant climbed up onto the leaf. Soon, the leaf moved slowly and reached the bank of the river. The ant jumped out on the dry ground. She thanked the dove. They became friends.

The next day, a bird catcher came there. He planned to trap the dove with his net. She was sitting in the tree. The ant saw him and thought about what she could do to help the dove. The ant quickly bit him on the foot.

The bird catcher screamed in pain and dropped his net. The dove woke up, saw him and flew away. The dove thanked the ant for saving her life.

Post-Reading

How did the ant save the dove's life?
What lesson did you learn from the story?

Model the text by reading with correct pronunciation and intonation. Tell students that we should not consider others' interests. Tell them that a fable is an animal story that has a moral at the end.

Each unit revolves around a social/ethical theme and content for the development of four language skills.

Text is organised around the theme of the unit. Pictures aid in better understanding of the text.

3 Grammar

Singular Plural

I Read the following.

Singular	Plural
flower	flowers
bus	buses
box	boxes
glass	glasses

II Change the number of these nouns by adding 's' or 'es'.

Singular	Plural
tree	trees

Position words

III Read the position words.

- The glass is **on** the table.
- The football is **in** the box.
- A cat is sitting **under** the table.

Clue: Suggest to students that many nouns form their plurals by adding 's'. For example: -man, -plant, -potato, nouns ending with 'y', 'o', 'ch', 'sh' and 'th' form their plurals by adding 'es'. For example: boxes, carrots, Clue: Explain to them the concept of position words by asking different questions, e.g., where do you come from?

It provides information about the concept being taught.

Each unit is divided into four major sections. These sections collectively develop spelling and other language skills: reading, writing, listening and speaking.

Teaching points make teaching more effective and skillful.

Review pages have been provided throughout the book to assess students' learning.

The ant climbed up onto the leaf. Soon, the leaf moved slowly and reached the bank of the river. The ant jumped out on the dry ground. She thanked the dove. They became friends.

The next day, a bird catcher came there. He planned to trap the dove with his net. She was sitting in the tree. The ant saw him and thought about what she could do to help the dove.
